hamsville, in New Kent County, forty 12 o'clock

By John B. Alsop, of Alsop Motor
Company.

On account of the interest shown by the business men of Richmond in the Tidewater Counties of Virginia, I thought it would probably be interesting to give you an idea of a recent trip which I have just taken through the counties of the Eastern Shore.

E. R. Bittner and myself left Richmond on Friday about 12:30 o'clock, in a five-passenger K-R-I-T car for Mathews County. After leaving Seven Pines we found the trip uneventful, and very hot, until we reached Barhamsville, in New Kent County, forty miles below Richmond. hamsville, in New Kent County, forty miles below Richmond. We stopped at this place for a few minutes, called on Mr. Potts, who runs a very nice store, and who is an automobile owner.

We inquired of Mr. Potts regarding the roads between Barhamsville and Williamsburg, and to our surprise he stated that we would have to take a by-road between Barhamsville and Toano on account of the very bad condition of the road between these two points. He stated that there were several places that were extremely bad on account of the shade surrounding these spots, which kept them from drying up rapidly. Mr. Potts stated to fill up the met of the presence of the Planatank River at Cobb's Creek, and arrived at Urbanna as the distance was the feat that the Forest Hill alleys this week, and several new marks have been set, both by the women and men. During our stay at Lancaster County we did not see a copy of The Times-Dispatch, and we understood that they only received the Sunday paper because it took so long for the daily to reach them. We noticed all of these people subscribed for the Baltimore paper. I believe that the majority of these people are anxious to do business with the Richmond merchants, and it dees seem to be an awful shame that there is no way of reaching this prosperous country in our own State except by the long-delayed route which

Girls Enter Tour.

The Metz twins, Irene and Lillian, who are probably the bebst known girl autolats in the East, are going on the Gildden tour. This will be good news to their fellow employes at the Metz factory at Waltham. Mass., who, even though they envy the girls long and delightful trip from Minneapolis to the Gizzier National Park, are nevertheless happy in the thought that the twins have at last secured the permission of Charles Metz, the manufacturer of the famous little Metz car, to accompany the team of three Metz cars on the Twin-City contest for the Gildden and Anderson trophles.

Collins, of Athletics, Is Individual Star, Having Sixteen Two-Ply Massacres.

Fans are not in the habit of ruining their eyesight in studying the fielding records of the major league players, and there are few members of the Baseball Writer's Association of America who build up feature of America who build up feature stories regarding the defensive work of the pastimers. Eddle Collins, guardian for the White Elephants of the middle cushion, is acknowledged by all experts to be the Keystone king of the American League, but when any authority sets out to prove that the Columbia graduate is the peer of his contemporaries he never rushes to the guide books for statistical information

on the subject.

Petersburg. Va., July 12.—There seems to be no doubt that Petersburg will lose the services of Dr. Hedgpeth, the star southpaw of the Goobers. Two scouts are now in the city, and the telegraph wires have been kept busy answering inquiries regarding the sale and immediate delivery of Hedgpeth.

The owners of the Petersburg club do not want to sell Hedgpeth for immediate delivery, as it would weaken their chances for the pennant. Hedgpeth has won his last five games, and at present is pitching wonderful ball. He seems to have conquered his wildness, which was his only fault, and has mastered control of the ball to such an extent that instead of bases, on balls, he now gets credit for strikedouts.
